Councillor Zikalala declared Conflict of Interest for item 13.a. Ziggy's Taxi – Letter of Support

5. Delegates and Petitions

a. Military

Captain Mark Davidson presented the results for Operation Nunaliut 18 as part of a joint task force north, an emergency preparedness assessment. The purpose of this exercise is to see if the community of Cambridge Bay can hold up to 1700 more people for up to 72 hours in case of a disaster or an emergency or if there was a cruise ship disaster. This would be the timeframe as to when we would start to move people or start to have relief for the community.

b. Firefighter - Nathan Gray

Nathan Gray spoke to council regarding his concerns with the Fire Department. Council would like Nathan to speak with Jim and have this resolved.

c. Lotteries - Doug Blackburn

Deputy Mayor Mulhern left the room as she declared Conflict of Interest. Doug Blackburn presented more information regarding the lotteries terminal they would like to have in the Northern Store and also some statistics for where the profits will be donated to. Council would like administration to look into this and place into Old Business at the next Council meeting.

d. University of Ottawa – Natalie

Natalie presented the results of a research project that has involved various organizations in Cambridge Bay regarding the Northwest Passage. There was collaboration with the university and locals, who were recommended by the HTO. Culturally significant marine areas and the recommendations of the low impact shipping areas were discussed and mapped. We are here presenting and validating our results with the community. The project is a research project about the low impact shipping corridors that are proposed by the federal government as routes that ships can take through the Canadian high arctic that would pose less risk to communities and minimize potential disaster environmental challenges. Part of the project was to have the northerner's knowledge, Inuit knowledge and also to have your feedback. There are a number of concerns that were brought to our
