CARRIED#19-006-05

7. ACAO's Report

ACAO Jim MacEachern- "I don't have much to report but I would like to mention that the Frolics went well. In the debriefing, we have had some input for changes going forward for next year. Francis will be taking the information to the Wellness Committee.

I think that everyone overall had a great time, the weather was good and we couldn't have asked for much better".

Everything else is running smoothly at the Municipality it is busy but that is normal."

8. Around the Table

Councillor Wiz Mohammed- “is there a reason why the track was not in view of the audience area? There were elders asking about it because they couldn’t see what was going on and wanted to enjoy the race.”

Councillor Angulalik Pedersen- “I was on the committee and the reason that we did that was because the people who prepared the ice, made it difficult to continue using the ice to get close. The ends weren’t flat as there were piles of the ice and we couldn’t get the racers to go through safely and they would be closer to the crowd as well, as just past there, the snow was really bad from a lack of snow and very hard to flatten the ice.”

Councillor Wiz Mohammed- “If that should happen next time could they move it closer to the audience?”

Councillor Angulalik Pedersen- “Yes and I wanted to mention as well we lost the PA system half way through the week so it was very hard to get information to the audience.”

Councillor Wiz Mohammed- “There was a cultural night scheduled and it didn’t happen, is there a reason why?”

CAAO Jim MacEachern- “From my understanding there were issues with the flights coming in, so not everyone that were performing that night didn’t make it in.”

Councillor Angulalik Pedersen- “I would like to mention that a lot of Community members would really like to have the traditional contests back such as: tea making, bannock making, traditional clothing etc.”

CAAO Jim MacEachern- “I will make sure that I pass that information along.”

Mayor Pamela Gross- “I would like to send my condolences on behalf of the community and council for the recent tragedy and the passing away of a few of our community members. Our hearts are with them all as they go through this grieving period.

It is beautiful that our community can unite when the world is hurting in ways that we do and there is a lot of support.

I would also like to say a huge Quana to everyone that has been volunteering, organizing, as well as the sponsors and to those that have participated. Thank you to the

Omingmak Racing Committee and to everyone that makes a great Hamlet event for the Municipality to boast yet another great Omingmak Frolics.

I would like to see if we can change the way that we spell "Omingmak Frolics" to using the U from the new spelling "Umingmak Frolics".

I noticed that there are Elders in the community that use wheelchairs and walkers so I would like to recommend for next year to create a designated area at these races during Omingmak Frolics with access for the elders and only for the elders so that they are not sitting out by vehicles. It is very nice to see them out enjoying the events and would be nice for them to have front row viewing as well.

Something that has been talked about often is the water that consumes and piles up over the cracks on the ice. There were suggestions from community members to drill some holes for drainage as well as a path for community members to get on to the ice.

Another thing that was brought to my attention was Bylaws, and one in particular was about stores being opened on statutory holidays. Can we control the times and days that stores are open? I have had another inquiry about why the taxi fare rate to CHARS is at a different rate?"

ACAO Jim MacEachern- "The 2015 Taxi Bylaw states that in-town rates are a flat fee of \$7.00 fare and the Airport is \$14.00."

A copy of the ByLaw will be sent to the Taxi Companies.
